Radiance that warms the season

Mid-winter is when your skin needs more than maintenance, making this the month to truly winter-proof your skin. It's about layering hydration and supporting renewal so your complexion stays radiant and balanced, no matter how cold it gets. Because when your skin feels protected, your confidence follows and that's the kind of true beauty that lasts all season long.

Care for your skin as the seasons change

As seasons shift, your skincare must evolve. When winter settles in, it's common to notice more dryness, tightness and sensitivity. Winter's environmental stressors like biting winds and dehydrating indoor heat compromise the skin's lipid barrier, leading to lost elasticity and a lacklustre complexion.

That's why winter is the perfect time to focus on keeping your skin soft, hydrated and protected. With just a few simple tweaks to your routine, you can maintain a healthy, glowing complexion all season long.

Winter Beauty tips

Choose a softer cleanse

Swap out stripping cleansers for something gentle that won't dehydrate your skin.

Turn up the hydration

Reach for richer moisturisers and nourishing oils to replenish and lock in moisture.

Keep wearing SPF

Winter sun still impacts your skin, so daily protection remains a must.

Add a targeted treatment

A Peptide serum or exfoliating scrub can help smooth texture and support your skin barrier against dryness.

Don't forget your body

Use nourishing body washes and replenishing moisturisers to keep dryness at bay.

Wash winter away

The perfect solution to cold-weather tightness, our ultra-fluffy, soap-free shower foam is crafted for winter's icy touch. Whipped to airy perfection, it cocoons skin in creamy lather while gently cleansing. Skin feels supple, nourished and sublimely scented after every wash.

Why this is your winter ritual essential:

NOURISH: Apricot Kernel Oil helps soften and nourish dry skin.

SOOTHE: Green Tea Extract calms redness and supports the moisture barrier.

DEFEND: Cucumber Extract provides refreshes and soothes the skin.

HYDRATE: Glycerin instantly boosts moisture levels and prevents water loss.

Refresh your skin for the new season

Support your skin's health by addressing seasonal dryness.

Life with Nutrimetics

"Nutrimetics came into my life during Covid, which was a time of great uncertainty. Nutrimetics gave me a purpose; I saw what was possible, and it allowed me to be the hands-on mum I was born to be. The greatest blessing to come from Nutrimetics isn't the multiple international holidays, or the income (which has enabled me to buy my dream home) and not even the products (but they come a close second), it is being able to be present as a mum. As a single mum it is absolutely the best job ever! And Faith & I are thankful for it every day!"
