# Life with Nutrimetics

"I joined Nutrimetics 40 years ago after trialling the skincare for a week. I was introduced to it by one of the judges I met in a Showgirl Quest, Ann assured me the skincare would help my oily, acne skin and it did.

I did this part-time as being a Mum was the most important job in the world to me and I loved being the Mum that could be at school events for both our children whilst still earning an income.

Never in my wildest dreams did I think we would be able to travel overseas with our trips paid for because of the love I have to share our beautiful products and the opportunity with others. Being able to help women feel more confident inside and out is a passion of mine.

I have met some beautiful people along the way, some are friends for life, some are VIPs in our team, others are customers, and I cherish each and everyone of you.

Thank you to my family for always supporting me and to Nutrimetics for this incredible opportunity to live the lifestyle I love."
